13. Briefly describe the stated mission of each sponsor and how the purpose of the trip relates to that mission:

The Congressional Cybersecurity Lab aims to educate Congressional staffers on technology policy issues critical to U.S. national security, as well as to foster bipartisan working relationships. The trip supplements the work of the program's six-week seminar series, providing fellows with an opportunity to gain first-hand understanding of some of the technology discussed in the seminars. The focus for this trip is to understand the role of cybersecurity in protecting critical infrastructure. Field visits will include a bank's cyber security fusion center, the NYC information technology and telecommunications department, and a utilities company.

Our goal is to promote an immersive understanding of policy issues on the legislative agenda, through exposure to the work and perspective of key stakeholders. The goal of the fellowship program is deeply rooted in the Wilson Center's broader mission and charter, to "...unite the world of ideas to the world of policy by supporting preeminent scholarship and linking that scholarship to issues of concern to officials in Washington."

The Wilson Center is the sole organizer of the trip. The William and Flora Hewlett Foundation funds the Congressional Cybersecurity Lab but plays no role in choosing participants, selecting the destination, or designing the itinerary.

14. Briefly describe each sponsor's prior history of sponsoring congressional trips:

The Woodrow Wilson Center has organized multiple prior congressional trips: a staff delegation for fellowship alumni to Mexico, focusing on border security and the U.S.-Mexico bilateral relationship; a staff trip to Canada focusing on US-Canadian relations, security, trade and natural resources; two staff trips to New York City focusing on homeland security, and a staff trip to Colombia to focus on the FARC negotiations. The Wilson Center also sponsored multiple congressional trips through its Wilson Center on the Hill (WCOH) Program, which ended in December 2011. WCOH was a nonpartisan forum that focused on current issues related to international trade and security, sustainable development, and globalization. In its three years of existence, WCOH led two Member trips and two staff trips.

15. Briefly describe the educational activities performed by each sponsor (other than sponsoring congressional trips):

The Wilson Center is the official memorial to President Woodrow Wilson. In addition to carrying out public meetings and events, the Center hosts preeminent scholars and experts from around the globe who are researching topics of national and international relevance. The Center also welcomes school groups (both high school and college students) from all over the United States and the world to explore the Wilson Center and its Presidential Memorial Exhibition and Learning Center. A list of recent programs can be found on the Center's website at www.wilsoncenter.org.

18. Reason for selecting the location of the event or trip.

The site locations were chosen to provide a holistic overview of the role of cybersecurity in protecting our nation's critical infrastructure. We will look at cybersecurity in protecting broadband services, utility services, and financial services.

Working Itinerary October StaffDel.docx (47 KB)

Good morning everyone!

Wilson Center would like to invite alumni of the Congressional Cybersecurity Lab to submit their interest in attending an overnight Congressional Staff Delegation trip on Thursday, October 13th. This study trip to New Jersey and New York City will consist of 20 staffers and will focus on the role of cybersecurity in the protection of critical infrastructure. I have attached a notional itinerary which is still in development.

If you are interested in going, please contact me as soon as possible. The deadline for applications is Friday, September 2nd. We hope to have an official list of attendees finalized the morning of September 6th. With the fast turn-around, we will send you your Ethics forms in the same email as your acceptance on the trip so you have a few days to get them in before the September 13th deadline.

Please reply to katherine.zublin@wilsoncenter.org if you are interested or if you have any questions!

Explain how this trip is specifically connected to the traveler's official or representational duties:

As a staffer who works on financial services and telecommunications issues, I hope to attend this trip because there will be specific opportunities to talk to technology and financial services industry leaders about how consumer data is protected, and what they believe are the necessary policies to improve such data protection. The visit to the CITI Cyber Security Fusion Center is an event focused specifically on cyber-security in the financial services sector. And the presentation on Internet security and ICANN by Dr. Goldman relates specifically to the legislative work I am doing on the upcoming termination of the Commerce Department's contract with ICANN.
